10/31/2025		American Honda Motor Co.	Manufacturer Safety-related recall issued - NHTSA #25E-071 - Recall #MMZ 2016-21 Civic Accessory Wheel Inspection Safety Recall - Status: Remedy Available Locate an authorized Honda dealer to obtain more information about this recall ➔ Learn more about this recall Description: American Honda Motor Co., Inc. (Honda) is recalling 18-inch Honda Genuine Accessory wheels with a red outline (part number: 08W18-TEA-100A). The steel lug seat inserts were not installed (pressed) into the nut seating surface of the aluminum wheel during production. During normal vehicle operation, the seating surface may deform, which can cause the wheel nut to loosen and detach. This could result in the wheel separating from the vehicle, increasing the risk of a crash or injury. Remedy: Registered owners of all potentially affected vehicles will be contacted by mail and asked to take their vehicle to an authorized Honda dealer. The dealer will inspect your vehicle to determine whether it is equipped with the affected wheels and whether the lug seat inserts are missing. If the inserts are missing, the dealer will replace the affected wheel(s) and wheel hubs, and perform a wheel alignment, for FREE. Owners who have paid to have these repairs completed at their own expense may be eligible for reimbursement, in accord with the recall reimbursement plan on file with NHTSA. For additional questions, owners may contact American Honda's Customer Support & Campaign Center at 1-888-234-2138.

Glossary

Damage Indicator

Damage can be a result of many different types of events. Examples include contact with objects (other cars, trees, traffic signs, road debris, etc), vandalism, or weather-related events. Not every damage event is reported to CARFAX. As details about the damage event become available, those additional details are added to the CARFAX Vehicle History Report. CARFAX recommends that you have this vehicle inspected by a qualified mechanic.

- This CARFAX Vehicle History Report is based only on information supplied to CARFAX and available as of 9/23/26 at 2:38:56 PM (CDT). Other information about this vehicle, including problems, may not have been reported to CARFAX. Use this report as one important tool, along with a vehicle inspection and test drive, to make a better decision about your next used car.

Damage Severity

Damage events result in one of the following severity levels:

- Minor: Generally, minor damage is cosmetic (including dents or scratches), may only require reconditioning, and typically does not compromise a vehicle's operation and/or safety.
- Moderate: Moderate damage may affect multiple components of the vehicle and may impair the vehicle's operation and/or safety.
- Severe: Severe damage usually affects multiple components of the vehicle and is likely to compromise the vehicle's operation and/or safety.

CARFAX recommends getting a pre-purchase inspection at a certified collision repair facility.

First Owner

When the first owner(s) obtains a title from a Department of Motor Vehicles as proof of ownership.

Manufacturer Recall

Automobile manufacturers issue recall notices to inform vehicle owners of a safety defect or failure to meet minimum federal safety or emissions standards. Manufacturer recalls are repaired at no cost to the customer.

New Owner Reported

When a vehicle is sold to a new owner, the Title must be transferred to the new owner(s) at a Department of Motor Vehicles.

Ownership History

CARFAX defines an owner as an individual or business that possesses and uses a vehicle. Not all title transactions represent changes in ownership. To provide estimated number of owners, CARFAX proprietary technology analyzes all the events in a vehicle history. Estimated ownership is available for vehicles manufactured after 1991 and titled solely in the US including Puerto Rico. Dealers sometimes opt to take ownership of a vehicle and are required to in the following states: Maine, Massachusetts, New Jersey, Ohio, Oklahoma, Pennsylvania and South Dakota. Please consider this as you review a vehicle's estimated ownership history.

Title Issued

A state issues a title to provide a vehicle owner with proof of ownership. Each title has a unique number. Each title or registration record on a CARFAX report does not necessarily indicate a change in ownership. In Canada, a registration and bill of sale are used as proof of ownership.
